ANNUAL REPORT 2014-2015

Mauricette Child Education Development Foundation

B-63, DDA Flats, Pandav Nagar,

New Delhi - 110008

W. H. J. J. J.
PRESIDENT
MAURICETTE CHILD
EDUCATION DEVELOPMENT
FOUNDATION

INTRODUCTION:

Mauricette Child Education Development Foundation, registered on 4th of October 2013, after the name of a Belgium lady "Mauricette" who came to India in late 90s and worked extensively for slum children education and their development in India.

Inspired by the love and affection extended by this lady to the poor children, we decided to name this trust after her name.

Currently we are working in Kathputli Colony Slum near Pandav Nagar, New Delhi. In order to improve lives of poor people, we have decided to make use of the best tool to fight against their poverty, i.e. "Education", by supporting education of their children.

Considering the level of existing competition in India and in our society, we have decided to help slum children through our activities, while improving the educational quality, to give them an ambience wherein they can study and prepare themselves for the competitive world.

EDUCATION DEVELOPMENT
FOUNDATION

AIMS & OBJECTIVES:

Continuing on the same path as 2013-14 to uplifting educational standard for slum children, where Mauricette Child Education Development Foundation was partially supporting education of 42 slum students from nursery to 5th standard in a private school in 2013-14, in year 2014-15 we have been partially supporting education of 50 slum children from nursery to 5th standard in three private schools.

We provide the slum children free books, stationary and pay their school tuition fee partially.

We continue to fully support education of 1 girl from slum in a private school.

At the same time, realising the needs of higher study for slum children, we are fully supporting studies of 4 students in Graduation from Correspondence.

Understanding the need of technical studies, we are fully supporting 6 students in technical studies. 3 of them are in ITI, 1 of them is in Polytechnique and other two are in private institutes for computer training.

Mauricette Child Education Development Foundation continue to run the Free Coaching Centre near Kathputli Colony Slum, Pandav Nagar to provide the slum children a better ambience to study, wherein, we help them finishing their school homework, and teach them English, Maths, Science, General Awareness and Computer. And to keep a contact with students so that their needs for a technical/academic course (other than school) can be identified and he/she can be offered such course, which shall help the student find a job finally.

FOUNDATION

ACTIVITIES:

The activities of Mauricette Child Education Development Foundation in 2014-15 are as under:

SUPPORT TO EDUCATION:

- Supporting partially, studies of 38 students in a private school
- Supporting partially, studies of 11 students in a private school
- Supporting fully, study of 1 student in a private school.
- We provide these slum children free books, stationary and pay their school tuition fee partially.
- Those who have completed their school successfully or could not focus on studies because of financial/family reasons, we offer them private courses as per his/her capacity and interest so that he/she can finally find a job.

Mauricette Child Education Development Foundation(Reg.) FREE COACHING CENTRE:

A Free Coaching Centre has been set up outside the slum in 2013-14 to provide the students an ambience different from the slum, wherein, they can study and grow themselves to compete with mainstream children.

CONCLUSION :

The focus of Mauricette Child Education Development Foundation in 2014-15 had not only been uplifting the standard of education for slum children, but also to help the students: those who have completed their school successfully and even those who could not be able to continue their studies because of financial/family reasons, to help them through a technical course that can lead them to find a job finally, so that they can win a respectful life.
