FOUNDATION

INTRODUCTION:

Mauricette Child Education Development Foundation, registered on 4th of October 2013, after the name of a Belgium lady "Mauricette" who came to India in late 90s and worked extensively for slum children education and their development in India.

Inspired by the love and affection extended by this lady to the poor children, we decided to name this trust after her name.

Currently we are working in Kathputli Colony Slum near Pandav Nagar, New Delhi. In order to improve lives of poor people, we have decided to make use of the best tool to fight against their poverty, i.e. "Education", by supporting education of their children.

Considering the level of existing competition in India and in our society, we have decided to help slum children through our activities, while improving the educational quality, to give them an ambience wherein they can study and prepare themselves for the competitive world.

EDUCATION DEVELOPMENT
FOUNDATION

AIMS & OBJECTIVES:

In year 2015-16, Mauricette Child Education Development Foundation partially supported education of 50 slum children from nursery to 5th standard in three private schools as in year 2014-15.

We provide the slum children free books, stationary and pay their school tuition fee partially.

Continued to fully support education of 1 girl child from slum in a private school.

Realising the needs of higher study for slum children, we have been supporting studies of 4 students in Graduation from Correspondence as in year 2014-15.

Understanding the need of technical studies, we have been fully supporting 6 students for technical studies. 3 of them are in ITI, 1 of them is in Polytechnique; whereas, the other two are in private institutes for computer training.

Mauricette Child Education Development Foundation continue to run the Free Coaching Centre near Kathputli Colony Slum, Pandav Nagar to provide the slum children a better ambience to study, wherein, we help them finishing their school homework, and teach them English, Maths, Science, General Awareness and Computer. And to keep a contact with students so that their needs for a technical/academic course (other than school) can be identified and he/she can be offered such course, which shall help the student find a job finally.

ACTIVITIES:

The activities of Mauricette Child Education Development Foundation in 2015-16 are as under:

SUPPORT TO EDUCATION:

- Supporting partially, studies of 38 students in a private school
- Supporting partially, studies of 11 students in a private school
- Supporting fully, study of 1 student in a private school.
- We provide these slum children free books, stationary and pay their school tuition fee partially.
- Those who have completed their school successfully or could not focus on studies because of financial/family reasons, we offer them private courses as per his/her capacity and interest so that he/she can finally find a job and win in life.

FREE COACHING CENTRE:

Mauricette Child Education Development Foundation(Reg.)

A Free Coaching Centre has been set up outside the slum in 2013-14 to provide the students an ambience different from the slum, wherein; they can study and grow themselves to compete with mainstream children.

 MAURICETTE CHILD
 EDUCATION DEVELOPMENT
 FOUNDATION

In year 2015-16, we continue to support education of about 65 students through this "Free Coaching Centre" by different ways:

- (i) In Free Coaching Centre, students are given English, Maths, Science, General Awareness and Computer classes.
- (ii) An expert teacher of Maths is also appointed to give Maths classes to children from 5th to 12th class.
- (iii) A small library is created, wherein useful books and stationary materials are kept for the children. Children can issue books and carry them at home for reading.
- (iv) A Mentor-Mentee Programme is in place in Free Coaching Centre, in which senior children are assigned as "Mentor" to 2-3 junior children as "Mentee". Thus, the senior children held responsible for the learning and growth of 2-3 juniors. This helps both ways, sense of responsibility to senior children and active support for junior children. Children study together and learn from each other.
- (v) In Free Coaching Centre, students who have completed their school successfully; or even those who had to quiet their studies because of financial/family reasons, we offer them private courses as per his/her capacity and interest so that, he/she can finally find a job.
- (vi) We help in finding a job for our students.
- (vii) Here students are not only taught but followed constantly.

FUN ACTIVITIES:

Considering the importance of Fun Activities, to release pressure from the tiny little shoulders of children, we celebrate festival and occasions.
